Dear Mr. Mensing:

**Closure of RCRA Facilities at Amoco's Wastewater
Treating Plant, EPA ID No. ILD 006272629**

As required by Larry Eastep's June 15, 1984 letter, we wish to advise you that with one exception, all samples required by the closure plan for our Wastewater Treating Plant--Main Office site in Wood River were collected on July 18, 1984. Because of difficulties in pumping out T-202, the DAF float storage tank, the bottom residue in that tank could not be sampled until July 30, 1984. All sampling was observed by our consultant, Woodward-Clyde, and chain-of-custody records were maintained.

Yours truly,

E. J. Sullivan
Environmental Consultant
